

MultiCut™

By POLI-TAPE

ONE-4-ALL™

Matte | Metallic | Neon

MultiCut *ONE-4-ALL*™ is a revolutionary heat press vinyl that is applied at very low temperatures and for very short press times. Because of these application parameters, One-4-All can be applied to a wide variety of fabrics including Cotton, Cotton/Polyester, Polyester and Nylon. With its low temperature and press time, One-4-All allows decorators to image even the most delicate fabrics without causing scorching or press lines.
